CONSTRUCTION ETHICS TRAINING

▶ Contractors working under Federal contracts must be able to show ethical conduct and compliance with the law. This full day workshop prepares participants with the knowledge and practical tools necessary to create, implement and maintain an Ethics and Compliance Program.

Do you have a “STATEMENT of EXPECTATIONS” and provide “MANDATORY REQUIREMENTS” for your employees??? Both are applicable to all contractors working on Government projects.

What Does it Take to Comply?

- Understand the legal issues
 - Comply with FAR (Federal Acquisitions Regulation)
 - Learn the risks of non-compliance
 - Discover the necessary components of an acceptable, effective compliance program and seamlessly integrate them into your program
 - Work towards a custom tailored program reflecting the unique culture of your organization
 - Integrate the program with current company procedures and operations
 - Involve Supervisors and Managers
 - Build in Control systems that ensure a quality program
 - Identify critical documents efforts required to ensure integrity
 - Develop proper response and resolution tracks
 - Build enforcement and discipline into your program
- Evaluate your current program for strength, compliance, & effectiveness
