This is a 100% customized class to fit your needs.

WE WANT YOUR TOPICS!

You have been using Excel in a limited way for a while and you want to add to your skills and expand your knowledge of Excel.

Call us with your topics and we will design the class to meet your needs. Chances are that what you want to learn others will want to learn as well since you are all in the same industry. We will customize this class to suit your needs. You can even submit examples of your own spreadsheets.

A week or so before the class, we will send out an outline for this class which will be based on the topics that you and others requested.

To submit your requests or to find out more about this class please contact

Glen Schaffer at 858-558-7444 ext 108 or gschaffer@agcsd.org.
