AGC San Diego presents:

Primavera Contractor 6.0 Workshop Two-day Seminar

Instructor:

Kugan Panchadsaram

PMP, PE, MCDBA, MCSE, MCT

Kugan has over 30 years of project management and database management experience. He has over 20 years of project management experience in Engineering, Construction and Information Technology (IT). He has over 10 years of experience in Database management specializing in the development and support of web-based applications and database systems. He has lectured at several colleges and universities on topics related to database design, database administration, and construction project management. He has written several training manuals on Database Design, Database Administration and Project Management Software.

**August 10 & 11
October 5 & 6
December 7 & 8**

Time: 7:30AM – 4:00PM

Location: AGC-SD Computer Lab

Tuition: Members \$699

Non Members \$895

This workshop provides hands-on training for contractors. It examines how to plan, schedule, control, and analyze projects. Participants will be exposed to Primavera Contractor's capabilities for project planning, and scheduling.
