INSTRUCTOR: KUGAN & ASSOCIATES, LLC

Kugan is the founder and principal of a technical training center catering to the general construction industry, located in San Diego, CA. Using a dynamic and interactive teaching method, he offers training covering project management, construction management, construction safety and scheduling at his facility. Kugan also teaches at UCSD, UCI and AGC. To round out his services and fully leverage his more than 28 years experience, he is a consultant to the general construction industry in the areas of project control and scheduling. His firm is a Project Management Institute (PMI) Registered Education Provider and one of the leading trainers for Primavera scheduling programs, such as P3, SureTrak, P3EC/P6 and Primavera Contractor. Kugan is a certified Project Management Professional (PMP) and a registered Professional Engineer (PE) in the state of California
