AGC San Diego Members Reach the Award Peak in Denver at the AGC National Convention!
Brad Barnum, Executive Vice President

The AGC of America held its 100th Annual Convention in Denver earlier this month, and over 30 AGC San Diego members joined nearly 2,000 attendees throughout the U.S. in the Mile High City for meetings, forums, policy discussions, networking, and award presentations. It was an informative and productive few days, and once again AGC member firms were big winners in the Construction Safety Excellence Awards (CSEA), Build America Awards, and the AGC in the Community Award Programs. Here are the results:

Construction Safety Excellence Awards

Each year, construction firms from all 50 states compete in local competitions sponsored by AGC of America’s local chapters. The winners are invited to submit their credentials to compete in the national competition.

This year’s competition was held in 21 separate categories based upon type of work (building, construction management, federal and heavy, utility infrastructure, specialty, highway), and the number of work hours completed. The following firms competed and won in the AGC San Diego local competition and went on to place in three of the national categories:

Utility Infrastructure Division
Orion Construction: 1st Place - Under 200,000 work hours

Specialty Division
Dynalectric: 2nd Place - 750,000 - 1.25 million work hours
Helix Electric: 3rd Place - Over 4 million work hours

The AGC Board of Directors and AGC staff would like to welcome our newest members to the Association:
Construction Management

Harper Construction: 3rd Place - Under 400,000 work hours

In addition, a few AGC San Diego firms entered the local competition through other chapters, and they also placed in the competition:

Highway and Transportation Division

Granite Construction, Inc.: 1st Place - Over 2 million work hours
Stacy & Witbeck, Inc.: 2nd Place - 600,000 - 2 million
Griffith Company: 3rd Place - 600,000 - 2 million work hours

Heavy Division

Pulice Construction: 2nd Place - Over 500,000 work hours

Building Division

BNB Builders: 2nd Place - over 1 million work hours

Congratulations for your accomplishments! Public and private owners recognize that you value safety, and are willing to invest heavily to improve working conditions on each construction site and bring the latest innovation available to the sites to improve safety!

As always, a special shout out goes to the AGC’s Safety Committee Chair Julie McConnaughy of Tower Glass, Inc., Vice Chair Mark Weiand of Cox Construction Company, and Vince Hundley of SMART Safety Group for getting these safety winners to the finish line!

Build America Awards

Congratulations to one firm that competed in the Annual "Best of the Best" Build America Awards. This firm won a 2017 Build San Diego Award, and were honored in Denver:

Flatiron - Build America Award for Campo Creek Bridge Replacement on Route 94 (project pictured on right)

In addition, a few other AGC San Diego firms entered the competition through other chapters, and they should be congratulated:

Build America Awards

Archer Western - Texrail Commuter Rail, Tarrant County, TX
Clark Construction Group - International Spy Museum, Washington, DC
Hensel Phelps - Banner University Medical Center, Tucson North - New Outpatient Center, Tucson, AZ
Sundt Construction, Inc. - Four Corners SCR Project, Farmington, NM
Turner Construction - National Veterans Memorial and Museum, Columbus, Ohio

**"AGC in the Community" Awards**
Kudos to Erickson-Hall Construction Company for winning an "AGC in the Community" Award for building a "Make-a-Wish" backyard skate park in El Cajon for nine-year-old Rocco, who is suffering from a rare blood cancer. Rocco loves to skateboard, but his illness made it impossible to him to use local parks.

Rocco personally reviewed the park design, which was developed in less than a month. Erickson-Hall donated the surface material, lumber, and other materials, in addition to the time and expertise of the crew. In the end, 14 Erickson-Hall employees, along with Rocco's father - a general contractor - and his employees, as well as Make-A-Wish volunteers and Kyle Berard of Front Rock, a national skate park construction company, all worked to make Rocco's dream a reality. When the project was complete, professional skateboarder Tony Hawk visited the park and Rocco.

**Next Year**
AGC's 101st Annual Convention will return to Las Vegas next year...March 9-12, 2020. AGC San Diego always is well represented, and there will be ample opportunities to win a CSEA, Build America, or an AGC in the Community Award! We hope to see you there!

**Local Agency Bid Calendar Available on AGC's Website**
Lisa Lovelace, Plan Room Director; Brad Barnum, Executive Vice President

In an effort to better inform contractors and public agencies about upcoming bids, AGC has created a regional bid calendar that is located on AGC's website. This calendar allows contractors to see what's on the immediate horizon, and will assist public agencies to make any necessary changes as they relate to addenda & bid date changes.

Over the last few years, AGC has been coordinating with the San Diego Regional Construction Procurement Committee (RCPC) to create a bid calendar that allows agencies to look-ahead and better coordinate the dates their current projects are bidding. The online calendar is the first step in providing a better process for agencies to plan their bid dates ahead of time without any conflict with other agencies, who may have a multitude of jobs bidding on a specific day. Getting rid of bid date congestion would be a win-win for agencies and contractors.

The next step will be to work with RCPC to help facilitate the creation of a planning calendar which will give agencies the flexibility to move bid dates and give contractors the ability to adjust their...
resources/workforce. However, creating a process and collection point for these planning projects will take some time and resources before the current calendar can come to fruition.

It should be noted that access to the calendar is for viewing only. More detailed information can be accessed if you are an AGC member or a Plan Room member. If you would like to become a Plan Room member and have full service access, please contact Lisa Lovelace or call 858-558-7444 and a Plan Room associate would be happy to send you subscription information. You may also access the Plan Room by clicking here.

**GIVING BACK**

April is National Volunteer Month

**Calling for Volunteers for AGC’s Repair Day at Ronald McDonald House - Saturday, April 27**

The AGC’s Build & Serve Charitable Alliance is calling for volunteers to help with some minor repairs at Ronald McDonald House (RMH) on Saturday, April 27.

Ronald McDonald House is in need of repairs in many of its rooms occupied by families experiencing a medical crisis for their critically ill or injured child. RMH provides the comfort of home during a child's medical treatments.

Round up your co-workers, friends, and family (17 and older) for a couple of hours of volunteer work on Saturday, April 27 to help with some caulking, painting, sealing grout, spackling, etc. It's a great opportunity to meet like-minded individuals who care about giving back to our community.

It's time to start getting your entries together for the prestigious AGC Build San Diego Awards Program.
