

The First All-in-One System to Automate All Vendor Contract & Compliance Tasks

Create, send, redline, track, remind, sign, and store every contract, compliance, and recurring vendor document—all in one place.

No more Word templates, Excel tracking, emailing and chasing vendors, or missing documents.

HOW WE HELP GENERAL CONTRACTORS

Save Hours

Hours of paperwork creation, sending, tracking, review, and follow-up done in seconds.

Audit-Ready

Automatic file storage and tracking keeps you prepared for audits at any moment.

Total Team Clarity

Transparency across the organization regarding scopes, contracts, and compliance.

Simplify Operations

Scale faster and smarter, without extra administrative overhead and wasted time.

Created By A General Contractor

This was built by a GC knowing there HAD to be a better solution around documents and compliance with the belief that computers should do the work FOR us.

- ✓ Auto-Fill Agreements
- ✓ Tracking Dashboard
- ✓ E-Signature Suite
- ✓ 100% Compliance

AUTOMATE THE BACK-OFFICE

BEFORE CONTRACTS CONNECTED

"I hope we have everything we need."

"I just typed the same thing into 5 documents."

Excel Tracker For 100+ Documents

"What is the status of that contract?"

"Where is that file?"

"That sub shouldn't be on site. That vendor shouldn't have been paid."

The angry sub's calling you: 'I've already sent it to you.' – 'Well, who'd you send it to?' – 'I sent it to Tom.' – 'Tom's not supposed to get it!'

"I just emailed that vendor for their COI for the fourth time."

AFTER CONTRACTS CONNECTED

"I know exactly what's missing and where to focus."

"I typed it once and all files were completed."

"I don't have to track things anymore."

"I know what was sent/signed/fully executed."

"Everything's searchable across any vendor or project."

"Everyone sees who hasn't submitted what with one click."

"Information is shared with the right people so they can make informed decisions."

"The system kept reminding the vendor to submit their missing docs and I didn't lift a finger."

USER TESTIMONIALS

"Contracts Connected has completely transformed the way we manage our construction business. What used to be a time-consuming and disorganized process is now streamlined and efficient. With automated workflows, easy document tracking, and seamless collaboration, we've saved countless hours and minimized errors. Contracts Connected keeps everything in one place, making contract management effortless and stress-free. Our business has never been more organized, and we can focus on what truly matters—putting work in place and growth. Highly recommended!"

-Joseph H. Robbins | Director of Construction Operations
Cape Fox Construction Group (8a | ANC)

"Contracts Connected has transformed our legacy document management process, which used to be incredibly time-consuming. It's given us a far more efficient way to handle routine, repetitive contract and procurement tasks."

-Erin H. Sanders, PE | Chief Operating Officer
RORE, Inc. (8a | WOSB)

"Contracts Connected has simplified the complexities of federal contracting, helping us stay organized, and ahead of deadlines."

-Edgar Deleon | President
FEDVET Construction (8a | SDVOSB)
